PLASTICS EXTRUSION ACCREDITATION

What is MedAccred?
MedAccred is an industry-managed supply chain oversight program which identifies and verifies compliance to critical manufacturing process requirements. Leveraging their considerable collective experience, subject matter experts have collaborated to create a deep dive technical audit system which provides exceptional supply chain oversight.

Why MedAccred?
- To improve the quality of products and most importantly patient safety
- The need to reach through the sub-tiers in the complex global critical process supply chain
- To improve the reliability of the supply chain

MedAccred Subscribers
- Baxter Healthcare
- BD
- Boston Scientific
- Edwards Lifesciences
- Johnson & Johnson
- Medtronic
- Philips
- Roche Diagnostics
- Stryker

Subscribers fund MedAccred, determine audit criteria, select auditors, have full access to audit findings, and determine who is granted MedAccred Accreditation.

Audit Quick Facts:
- Audit Length: 3 days
- Audit Frequency: Annual
- Audit Prerequisites: ISO 13485, ISO 9001, or ISO/TS/IATF TS16949
- Other Available MedAccred Accreditations: Cable and Harness, Heat Treating, Plastics Injection Molding, Plastics Mechanical Assembly, Printed Board (Bare Board), Printed Circuit Board Assembly (PCBA), Sterilization, Sterile Device Packaging, Welding

Plastics Extrusion Audit Scopes
- Blown Film
- Co-Extrusion
- Over-Jacketing
- Ram Extrusion
- Sheet / Film
- Tubing / Profile

Benefits to Participation
- Improves quality of products
- Reduces scrap and re-work
- Exposure to participating OEMs and potential to expand business
